SUMMARY

Frontend Developer specializing in React, Next.js, TypeScript, and Tailwind CSS, with hands-on experience building and shipping SaaS, edutech, and fintech interfaces. Comfortable moving fast under pressure — finalist among 600+ teams at the Enugu Campus Hackathon — and focused on production-ready UI over tutorial-level work.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), TypeScript (working knowledge), HTML5, CSS3
- Frameworks & Libraries: React, Next.js, Tailwind CSS
- Tools & Platforms: Git, GitHub, Vercel, Supabase, API Integration
- Core Competencies: Responsive Design, State Management, UI/UX Implementation

PROJECT EXPERIENCE

CampusPadi — Co-founder & Frontend Developer | *React, Next.js, Tailwind CSS*

- Architected and developed the frontend for an end-to-end edutech/fintech platform serving Nigerian students.
- Built responsive, high-performance interfaces optimized for conversion and accessibility.
- Collaborated cross-functionally, translating product requirements into scalable frontend features.

Agrotrack — Frontend Developer | *Enugu Campus Hackathon*

- Built a geofencing-based agritech platform designed to reduce farmer-herder conflicts by alerting farmers when livestock enters their land.
- Selected as a finalist from 600+ teams and 5,000+ participants.
- Shipped a functional prototype under strict hackathon time constraints.

Table-tap — Frontend Developer & UI Designer | *Next.js, Tailwind CSS, Supabase — In Development*

- Architecting the frontend for a multi-tenant restaurant SaaS platform serving multiple restaurants under one system.
- Building role-based dashboards for owners and kitchen staff with structured access control.
- Designed the product's full visual identity, including logo and color system.

Unsaid — Frontend Developer & UI/UX Designer | *React, Tailwind CSS*

- Designed and built the frontend for an anonymous social platform where users securely share unspoken thoughts.
- Engineered support for both text and image-based confessions in a minimalist, untraceable environment.

EDUCATION

B.Sc. Computer Science — Enugu State University of Science and Technology (Expected 2027)
